

Clearing RAM and Archive Memory on the TI-83 Plus or TI-84 Plus Graphing Calculator

Step 1: Turn the calculator on by pressing the “ON” key in the lower left hand corner.

Step 2: Press the “2nd” key in the upper left hand corner and then press the “+” (addition) key. This will activate the Memory Management Menu. The screen on the calculator should look like the one shown on the right.

```
MEMO MGR
1:About
2:Mem Mgmt/Del...
3:Clear Entries
4:ClrAllLists
5:Archive
6:UnArchive
7↓Reset...
```

Step 3: Press the number “7” on the key pad to select “Reset”. The screen on the calculator should now look like the one shown on the right.

```
7:↓ ARCHIVE ALL
1:All RAM...
2:Defaults...
```

Step 4: Press the right arrow key in the upper right hand corner twice or until the word “ALL” has been selected. The screen on the calculator should now look like the one shown on the right.

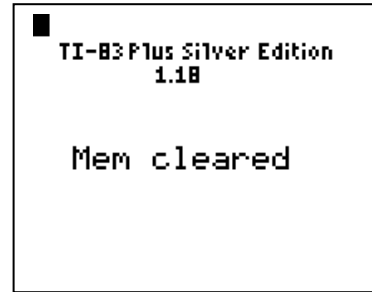

```
RAM ARCHIVE ALL
1:All Memory...
```

Step 5: Now press the enter key in the lower right hand corner. The calculator screen should now look like the one shown on the right.

```
RESET MEMO MGR
1:No
2:Reset
Resetting ALL
will delete all
data, programs &
Apps from RAM &
Archive.
```

Step 6: Press the number “2” on the key pad to reset the memory. The screen will temporarily display “Resetting All...” Then the calculator screen will now look similar to the one shown on the right, depending on the model of calculator that you are resetting.

Step 7: Press the clear key (under the down arrow) to return to the home screen. To verify that the all Applications (APPS) have been deleted press the “APPS” key. The calculator screen should match the one shown on the right.

Step 8: All APPS except the Finance Application will have been deleted. The Finance APP is a permanent feature and can not be deleted. To verify that all programs have been deleted press the “PRGM” key to the right of the “APPS” key. The calculator screen should now match the one shown on the right.

Step 9: Press the clear key (under the down arrow) to return to the home screen. You have successfully cleared all RAM and Archive memory on this calculator.
