**STANDARD CERTIFICATE RENEWAL
AND
CONTINUING PROFESSIONAL EDUCATION REQUIREMENTS**

PRINCIPAL

INTRODUCTION

All school principals should model the philosophy of life-long learning and participate in professional development activities. Activities must focus on the need of each school principal to continually update current content, best practice, research, and technology that are relevant to the individual's role as an educator. The State Board for Educator Certification (SBEC) renewal and continuing professional education requirements are flexible enough to allow each principal the opportunity to identify the activities to be completed to satisfy the Board's requirements as well as those activities that fulfill the specific professional interests of the principal. Each individual who holds a Standard Certificate is responsible for renewing the certificate and paying the applicable fees.

GENERAL PROVISIONS FOR CERTIFICATE RENEWAL

To be eligible for renewal, the school principal must satisfy Continuing Professional Education (CPE) requirements. The renewal date of a Standard Certificate will be five years after the last day of the certificate holder's birth month. If a school principal holds multiple certificates, all can be renewed concurrently and all are subject to renewal during the certificate holder's birth month five years after the earliest certificate was issued. School principals who fail to satisfy each of the requirements to renew their Standard Certificate(s) by the renewal date move to inactive status and are ineligible for employment in a Texas public school district in a position for which that certificate is required until all appropriate requirements are satisfied.

CERTIFICATE RENEWAL REQUIREMENTS

All school principals are required to complete at least 200 clock hours of Continuing Professional Education (CPE) during each five-year renewal period. School principals are encouraged to complete a minimum of 40 clock hours of CPE each year of the renewal period. One semester hour of credit earned at an accredited institution of higher education is equivalent to 15 CPE clock hours. Self-assessment activities must be conducted during the first year of each five-year renewal period and completed in a 30-day period of time. Principals serving as assessors may apply up to a maximum of 20 clock hours toward certificate renewal during the 5-year renewal period. **NOTE: Only those professional education activities from approved registered providers will be accepted for renewal purposes.**

ACCEPTABLE CONTINUING PROFESSIONAL EDUCATION ACTIVITIES

Types of acceptable Continuing Professional Education (CPE) activities include:

- participation in institutes, workshops, seminars, conferences, in-service or staff development which are related to or enhance the professional knowledge and skills of the educator;
